We are proud to be a **"One Stop Shop"** solutions provider, offering a comprehensive range of products and services to meet the diverse requirements of the construction, Industrial, mining, power generation, lighting, warehousing and infrastructure sectors. Our portfolio includes:

- Diesel Generator Sets
- Kleemann Mobile Crushers, Classifying Screens and Stackers
- Forklift Trucks and Reach Trucks
- Bishamon Hand Pallet Trucks
- Alimak Construction Hoists
- Tadano Aerial Working Platforms
- Telehandlers
- Tower Lights
- Construction, Dewatering and Sewage Pumps
- A wide inventory of genuine spare parts and after-sales support services

At **Multico**, we are committed to delivering innovative solutions, premium quality equipment and reliable aftersales support to help our customers improve productivity, efficiency and operational reliability.

MILESTONES

2013

Appointed as the exclusive distributor of the Clark brand of forklift trucks and the Bishamon hand pallet truck. Today, we also provide a wider range of material handling solutions through our multi-brand strategy featuring Clark, Hancha, EP and MiMA forklift and reach truck solutions for warehousing and logistics applications

2023

Appointed as the exclusive distributor of the Alimak brand of construction hoist, strengthening our position as a trusted provider of vertical access and lifting solutions for the construction and infrastructure industries.

2024

Appointed as the exclusive distributor of the Kleemann brand of mobile crusher, classifying screen and stackers. Globally recognized for innovative engineering, robust performance and efficient processing capabilities, Kleemann further reinforces our commitment to delivering high quality and reliable equipment solutions.

OUR CORE COMPETENCIES

Delivering value through expertise, reliability, and customer-focused solutions.

01

HIGHLY EFFICIENT CHANNEL MANAGEMENT AND INTEGRATED VALUE CHAIN FRAMEWORK

Understanding market trends and customer expectations, Multico delivers the right engineering equipment solutions through efficient channel management, engineering application, equipment design, installation, evaluation, and integrated order & product fulfillment.
